

LES CHAETS DU GYPSE

Resort : Saint Martin de Belleville

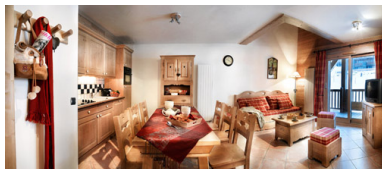

Our interior designers have made our dreams become true for this charming small residence. They have reinterpreted the space with huge apartments, created a new way of life, shaped even the smallest piece of wood, selected materials with local authenticity... Time, space and new surroundings are the emotional luxury you are offered in the heart of the 3 Valleys. "Les Chalets du Gypse" are situated directly on the ski slopes and at about 300 m from the ski resort centre.
